**AIR FORCE ACADEMY PHOTOGRPH COLLECTION:
WOMEN AIR TRAINING OFFICERS**

1975-1976

LINEAR FT.: 1.0

APPROX. NO. PGS.: 300

BIOGRAPHICAL NOTE

In 1975, fifteen female lieutenants were selected from a pool of 600 young women Air Force officers to serve as both test pilots and role models for the first female Air Force Academy cadets. From January to June 1976, the ATOs completed an abbreviated cadet training course led by several hundred male cadets to prepare both themselves and the Academy for the 150 female cadets arriving that summer. They changed negative attitudes and fine-tuned plans for the integration of women cadets into the cadet wing. When the incoming class arrived, 12 ATOs acted as surrogate female upperclassmen until the Class of 1980 women could fill that role.

In 2023 the ATOs and the Friends of the Air Force Academy Library helped Clark Special Collections preserve and highlight their Academy experience by donating funds to pay Friends' archivists to digitize the entire collection. One of the former ATOs, Virginia Procino Hartmann, generously volunteered a very significant amount of time to properly identify and label over 1700 photographs, making them available to Air Force Academy cadets and other researchers.

SCOPE AND CONTENT NOTE

This collection contains two boxes of photographs, negatives, and slides from the United States Air Force Academy regarding the Women Air Training Officers who were present at the facility in 1976. It also includes images of unidentified models wearing women cadet uniforms from the year before, and a paper document titled "Air Training Officer (ATO) Master Training Schedule." All of these images have been scanned and are available digitally on the McDermott Library's website.

Names: Gathright, Paula A.; Goolsby, Elizabeth; Graf, Irene L.; Green, Charlotte; Hamilton, Susan; Nelson, Yardley N.; Popper, Shirley L.; Procino, Virginia; Reed, Dawn M.; Ritchey, Rebecca; Roszel, Ronda M.; Sheridan, Kathryn L.; Stephan, Bonnie L.; Sweitzer, Rhoda A.; Walter, Terry J.

Keywords and terms: Women Air Force Training Officers; Women ATOs; Female Air Training Officers; Female ATOs; Women in the military; United States Air Force Academy; Colorado Springs; Colorado; United States of America; 1970s

For information on how to cite the materials in this collection, see the Clark Special Collections Citation Guide at <https://usafa.libguides.com/spc>, or contact Clark Special Collections at (719) 333-4674.

ARRANGEMENT AND DESCRIPTION

SERIES ONE: WOMEN AIR TRAINING OFFICERS

All images and documents have been scanned, and digital copies are available on the McDermott Library website. A comprehensive index for these images has also been prepared by ATO members, which is included in this finding aid document. Guidelines for using this index are included below. Original items and high-resolution images may be available upon request and are located in Clark Special Collections' Academy Photograph Collection.

ADDITIONAL RESOURCES

Virginia "Ginny" Caine Tonneson was one of the first six women appointed to the United States Air Force Academy, which she attended from 1976 to 1980. More about her experience and link to her collection can be found at: <https://usafa.libguides.com/spc/mms0032-cainetenneson>

Oral histories for some women of the class of 1980 are also available on the McDermott Library's website. To learn more and view the Oral History Index visit <https://usafa.libguides.com/spc/oralhistory-av>.

Women Air Training Officers (ATO): Guidelines for Using the Digital Photograph Index

The WATO Digital Photograph Index is a repository for information relating to the photographs, negatives, and slides found in the Women ATO Collection at the McDermott Library. It includes three separate fields, listed below, that will help cadets and researchers find images that relate to their specific area of interest.

File Name: The name of the file that is assigned to each image (WATO_1975-001-002). File names begin with a project code (WATO), followed by the year it was produced (1975), an envelope number (001), and an image number (002). The name on the index corresponds with the file/image name in the collection.

Location: The precise location where the image was taken, such as the gymnasium, Mitchell Hall, the Cadet Chapel, etc.

Description: A description of the image that provides useful information such as the names of the people in the image, activities being performed, etc.

INSTRUCTIONS FOR USE

The Digital Photograph Index is a searchable PDF that allows users to find relevant photos through keywords, similar to a Google search. To activate the search box type “Ctrl+F.” Type a name or keyword into the box, and all occurrences of that term will be highlighted throughout the document. Click “Next” (down arrow) or “Previous” (up arrow) to cycle through the highlighted terms. Read the rest of the entry to determine if that photo is relevant to your interests, then refer to the File Name in the first column to locate the photograph. For example, if the file name is “WATO_1976-052-004,” open the folder with the title “WATO_1976-052” and double-click on the image with the title ending in “004.” The image should open for viewing and be available for download. Once downloaded, users may rotate, crop, and edit the photos as needed using their preferred editing software. High-resolution images may be available upon request.

Please contact Clark Special Collections for assistance or additional information.
